

A report of child abuse is made every 10 seconds in the US, involving 6.6 million children per year

37% of children in the US will experience a child abuse investigation at some point in their childhood

We are not the police. We don't have resources to respond to every report

Consequences are tremendous

Short arc risk

Long arc risk

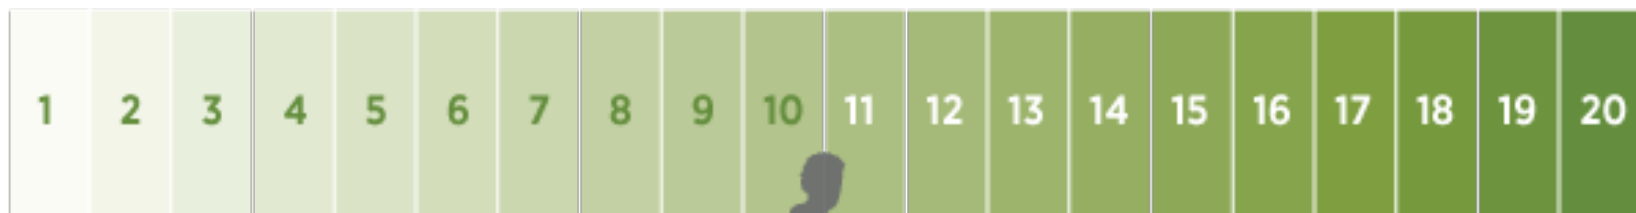

1 in 2 children

who received
**a score of 20 were placed
out-of-home** within
2 years of the call

1 in 100 children
who received a score of 1 were placed
out-of-home within 2 years of the call

1 in 20
calls receive
a **score of 1**
(bottom 5% of risk)

1 in 20
calls receive
a **score of 20**
(top 5% of risk)

19% decrease in the use of money bail

18% decrease in jail bookings at the time of arraignment

7% increase in concurrence with Pretrial recommendations

78% of Judges interviewed had positive attitudes about the project
